How Frequencies Benefit the Human Body

It has been discovered that the cells in the body vibrate at various frequencies depending on their state of health. ZeroPoint has identified specific frequencies that match the optimum state of health for each of the body's organs and systems. These are called Blueprint Frequencies.

When a person wears a ZeroPoint pendant, their body begins to 'resonate with the frequencies' that are in the pendant. This is similar to a tuning fork that will pick up the frequency (sound) of another tuning fork in its vicinity. When they are close to one another, they will both begin to 'resonate at the same frequency'.

When the organs and systems of the body are attuned with the frequencies that are in the pendant, the body returns to a balanced state. The body is able to protect and heal itself when it is in balance.

Testimonials

"I was having a conversation with my daughter and I was having trouble completing my sentences. I have had trouble with communication after I take a particular medication. My daughter gave me the Sodalite Window Pendant to wear when she saw that I was having trouble. After a few minutes of wearing it, I felt more focused and clear and no longer had trouble completing my sentences." - Diana P., NY

"Before going to bed, I held the Intention Disc in my left hand and the Sodalite Pendant in my right hand and then said out loud, this is to clear all and any childhood traumas in my life. Then as instructed I just laid there and all of a sudden I saw these pictures of things that had happened going from one age to another. It was so amazing. I was seeing myself as an infant but did not see any trauma. I could see other things at all different ages. As this was happening I noticed that I was releasing gas and not in the way that we usually release gas. I knew something was really changing. Then I drifted off to sleep. I slept well. The next day I felt very good. But something very unusual happened; I got up and had a very good elimination and later that morning it happened again. Naturally, I felt very good." - Lisa P., CA

"I noticed several things while I had the Sodalite Window Pendant in my possession. I seemed to be more in touch with my intuitive side than usual. One day at work I really wanted to talk to someone in another section and even though she rarely came to the area that I work in on this day she did. I also had a dream about another colleague moving to a new house. When I told him about it he said he hadn't mentioned it to anyone, but that was part of their future plans. Then my husband was coughing a lot one night and the pendant immediately stopped the cough" - Barbara S., ME

"I had a tumor removed on my vocal cords in 1991 leaving me with one side paralyzed. In Aug 2008, I suddenly lost the vocal quality that remained - since I was simply forcing air out in an attempt to produce sound - I could hardly croak out more than one audible syllable at a time. I wore the Sodalite Window Pendant 24/7 and put the cord short so it rested on my vocal cords. I also used it to massage the throat area throughout the day and often times it would "stick" like a suction cup on a particular area around my vocal cords. Within one weeks time my vocal quality and vocal strength had improved dramatically and over the following two months, my voice continued to grow remarkably stronger by the days and weeks that passed that...and no more choking, gagging, coughing and clearing my throat!" - Margee B., FL

"I held the Intention Disc and Sodalite Window Pendant and I felt my hands, feet, and legs tingling. Then tingling moved up my spinal column to my brain. The energy shot back down to my tail bone, and I felt a pop. The tears started to roll down, and the thought was, "you are not good enough." I thought to myself, I am 65 years old, and I am dealing with this thought of unworthiness? I guess all trauma stays in our bodies in places we have no idea where they are hiding. Who knows what else is hiding or lurking in our bodies, mind and spirits. That inner child that was damaged wanted to heal and be free to play, and enjoy life to the fullest, and now she can!

To say thank you, to all of you at Zero Point Global, is not enough for the changes that are going on in my life since these products have been introduced to me. I am focused in making this a number one priority to use and to share for the rest of my life, and become healthy, wealthy and much wiser." - Lani C. CA
